

Final Adobe Photoshop render of Google Sketchup model.

At BFC Solutions we pride ourselves in the quality of our work and our level of customer service.

We offer three dimensional modelling for design and architectural visualisation purposes and for low and zero carbon design.

For low-cost, highly detailed creations, tailored to suit your needs.

We can work from almost any medium, including hand sketches and AutoCad (for dimensionally correct modelling).

What we offer:

- Varying levels of Google sketchup modelling to suit your needs
- AutoCad 2D elevations
- Accurate Adobe Photoshop renderings
- Site analysis modelling

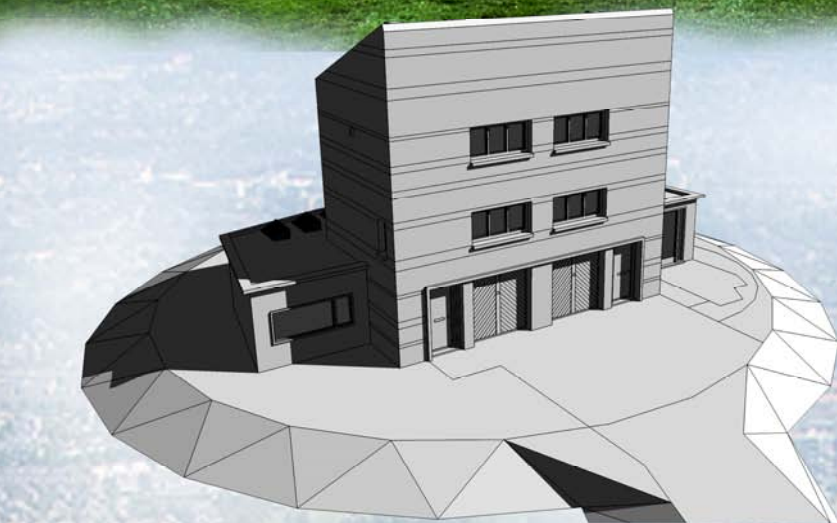

Final renders and models are all provided with the full original files and workings.
